RE: Request for Extension

Dear Ms. Barrientos:

On September 20 and 25, 2016, the Missouri Department of Natural Resources received correspondence from you requesting the extension of the deadline for the Wildwood Lot Owners Association (WLOA) to repair the chlorine contact chamber and improve operation and maintenance on the WLOA's extended aeration wastewater treatment plant (WWTP) (Outfall No. 002) by September 26, 2017. In this letter, you request permission to extend the required deadline an additional 60 days for a new deadline of November 27, 2017.

The Department has reviewed the WLOA's request and hereby approves the WLOA's request to extend the deadline to repair the chlorine contact chamber and improve operation and maintenance on the WLOA's extended aeration WWTP (Outfall No. 002) to November 27, 2017.

In the interim, the Department expects full compliance from the WLOA with the terms of Abatement Order on Consent No. 2015-WPCB-1262, the Missouri Clean Water Law, and Missouri State Operating Permit No. MO-0035645 at all times. If you have any questions regarding this correspondence please contact Ms. Erin Meyer Heidolph of my staff at 573-751-8309 or erin.heidolph@dnr.mo.gov. Thank you for your attention to this matter.

Sincerely,

WATER PROTECTION PROGRAM

Paul Dickerson
Compliance and Enforcement Section Chief
